JOB DESCRIPTION

Position: Bulk Water Truck Driver
Department: Capital and Infrastructure
Supervisor: Water Team Lead
Type: Full-time; permanent
Salary: Salary is dependent upon experience and qualifications

Job Summary

Reporting to the Water Team Lead as a Bulk Water Truck Operator, you will be part of a team that ensures safe, reliable delivery of water to homes and businesses in our community. This role is more than just operating a truck – it's about protecting health, supporting families, and strengthening our future. The driver is responsible for adhering to safe water delivery protocols including daily safety and maintenance checks, as well as regular cleaning, maintenance and testing. The position will also provide coverage to operate other equipment and perform other tasks, as needed.

Main Duties

- Deliver water to homes and facilities using certified equipment
- Disinfect hoses and fittings before use
- Keep accurate records of deliveries and water quality tests
- Ensuring all work meets safety codes and applicable permits, inspections and reports are in place.
- Other duties as assigned by the Water Team Lead

Education: High school diploma or equivalent in experience is an asset

Experience:

- Knowledge of general construction duties - use of tools, PPE, weather protection, codes/regulations, etc.
- Knowledge of the Kaska people, traditions, teachings, and culture is an asset.

Knowledge & Skills:

- Ability to operate a Water truck and other equipment in a safe and responsible manner
- Effective oral communications and decision-making skills
- Knowledge and ability to safely use a ladder
- Attention to detail and commitment to safety

Demonstrated excellent interpersonal, relationship-building skills are required, as well as strong verbal and written communications. Ability to work pleasantly and effectively with a wide range of people of different ages and cultures, in potentially volatile and emotionally charged situations. Ability to work respectfully with others in a cross-cultural environment. Knowledge of Liard First Nation history, culture, traditional territory, and demographics. Tact, intuition and diplomacy, strong work ethics and good judgment and ability to work well in a team environment.

Decision Making

This position is responsible to the Water Team Lead and to Liard First Nation Members. The incumbent works independently and takes initiative within established policies, procedures, objectives, and priorities. Decision-making is required for the day-to-day operations and setting work priorities.

Impact/Accountability

This position is accountable for compliance with applicable legislation and for following standard operational policies, procedures, and best practices that protect community health and water quality.

Working Conditions

This position may be required to travel in and out of territory and respond to potential incidents outside of work hours. Some overtime and weekend work may be required. This position may work outside in the elements in harsh conditions.

Job Requirements

- Bulk Water Delivery certification (or willingness and ability to attain within 3 months).
- Class (3) Yukon Driver's License with Air Brakes endorsement. (Class 1 an asset)
- First Aid and CPR is an asset.
- Clear Driver's Abstract
- WHMIS certification (or willingness and ability to attain).
- Willingness to work independently and in remote areas
- This is a physically strenuous and demanding job, lifting, pulling, and managing heavy equipment and objects is required
- Must be able to perform manual labour for up to 8 hours per day.
- Travel within the community and occasional within the Yukon for training or equipment servicing and maintenance
- Willingness to be on-call and work overtime hours as required
- Criminal Records Check
